

MY FANTASY 3D POP UP BOOK

Reading Room Learning Centre

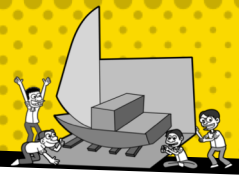

METHODS

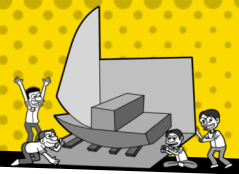

- × Pictures (any kind of vehicle on port)
- × A4 Paper
- × Glue
- × Scissors
- × Pencil
- × Colour Pencil

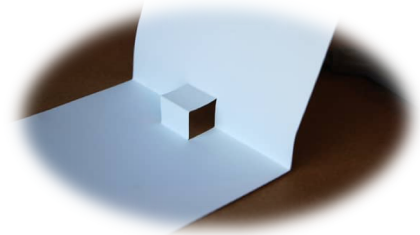

Teacher explains the activity,
where children are required to
create their 3D pop up book

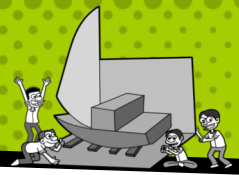

Teacher explain how to create 3D pop up book to the children

- ✘ Fold a piece of paper in half
- ✘ Cut two parallel, horizontal slits in the centre of paper
- ✘ Cut the picture
- ✘ Create another pages
- ✘ Decorate the background for each page

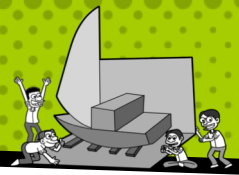

CREATE 3D POP UP BOOK

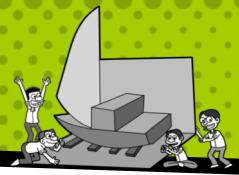

The activity begins with folding the paper in half

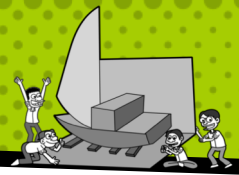

Cut the picture and paste it on to the book

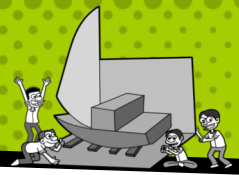

Children write the names of ship

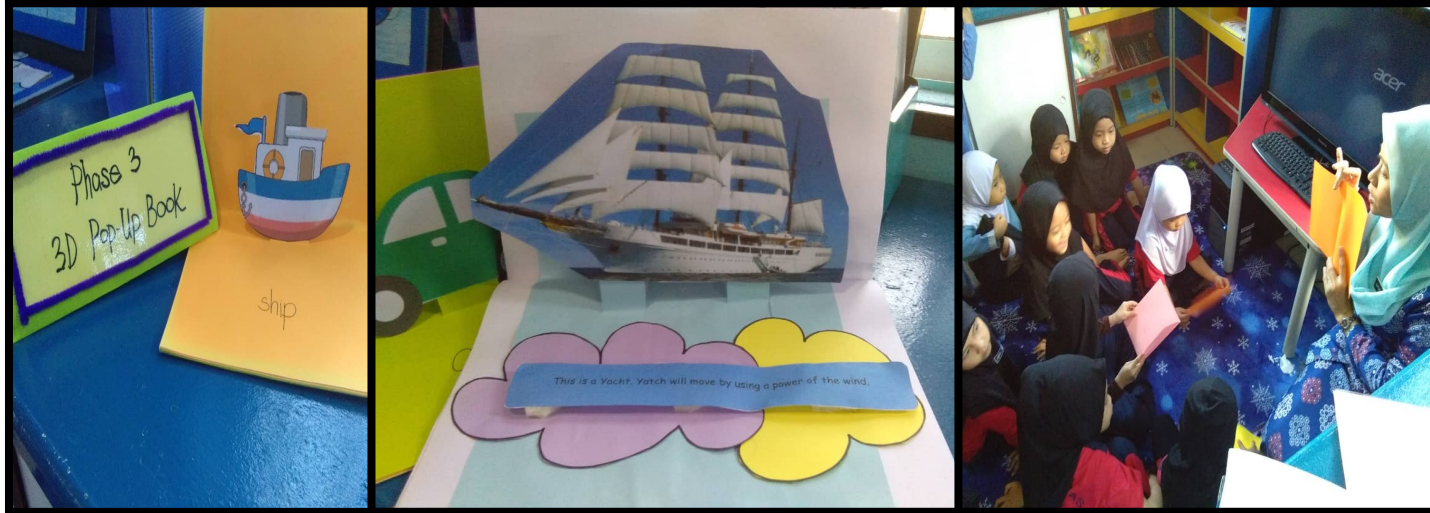

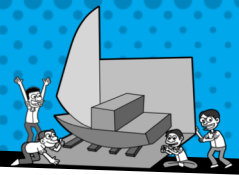

Children need to exhibit their work and explain what they had learned from the activity

SIMPLE STORY

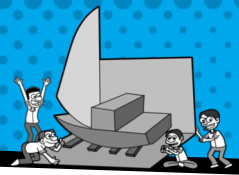

TECHNOLOGY

- × Children use scissors itself to cut the pictures and create own 3D pop up book

ENGINEERING

- × Children able to create 3D pop up book using own creativity
