# ***CRUISE SHIP***

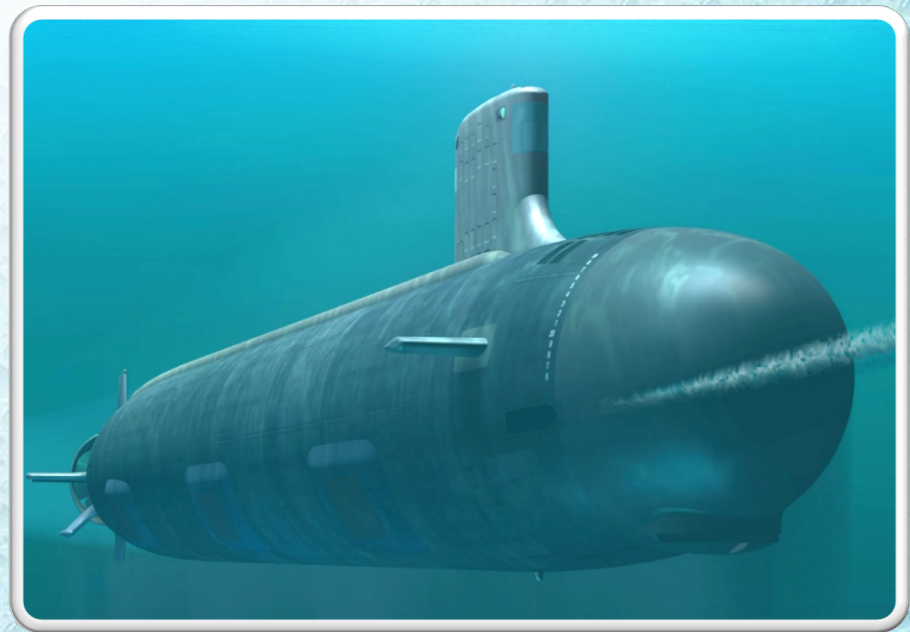

- A LUXURY VESSEL USED FOR PASSENGER ON A PLEASURE VOYAGE

# ***SUBMARINE***

- IS UNDERWATER SELF PROPELLED THAT IS DESIGNED AND BUILT TO PERFORM UNDERWATER OPERATIONS FOR A STIPULATED AMOUNT OF TIME

# ***SAIL BOAT***

- RELATIVELY A SMALL BOAT THAT USES WIND POWER TO PROPEL IT FORWARD
- THE MORE STRONG WIND IS, THE QUICKLIER A SAILBOAT CAN MOVE

# ***HOVERCRAFT***

- A VEHICLE SUPPORTED AND MOVED BY A CUSHION OF AIR BLOWING DOWNWARDS
- IT IS USED ON WATER, LAND, ICE AND ANY AREA WHERE THE SURFACES IS SMOOTH

# **CONTAINER SHIP**

- AN OCEANGOING VESSEL DESIGNED TO TRANSPORT LARGE, STANDARD SIZED CONTAINER OF FREIGHT

# ***YACHT***

- POWER VESSELS THAT USED SOME OF THEM FOR PLEASURE, RACING AND CRUISING
- IT DEPENDS ON HOW IT HAS BEEN USED FOR, BUT MOSTLY THESE VESSELS HAVE CABIN WITH FULL COMMODITIES

The background of the slide is a light blue color with a dense pattern of small, realistic water droplets. Several larger, more prominent bubbles are scattered across the surface, particularly in the corners and along the edges, adding a fresh and clean aesthetic.
